Northwest Seminars. The A. Webb Roberts Center for Continuing Medical Education

This activity has been planned and implemented in accordance with ACCREDITATION:

health care management standards.

Apply for CME credit by December 22, 2018.

Outline

OBJECTIVES:

1. In-depth understanding of patient care and treatment in emergency medicine.
2. Current knowledge and skills regarding the latest technologies and best practices in the field.
3. Enhanced ability to work effectively as a member of an emergency medicine team.

PROGRAM PURPOSE:

This course is designed for physicians, physician assistants, nurses, and others involved in emergency medicine. The primary goals of the course are to:

1. Increase the participants' knowledge and understanding of the latest developments in emergency medicine.
2. Enhance the participants' ability to provide high-quality care to patients in emergency settings.
3. Facilitate the continuous improvement of emergency medicine practice.
