Pinnacle Grill: This intimate reservations-only venue offers an elegant, sophisticated dining experience. Featuring premium Oceania R-Fresh® beef, inspired seafood dishes and many select wines rated “Excellent” by Wine Spectator, as well as distinctive Bvlgari® china, Riedel® stemware and Frette® linens.

The Vista Dining Room: Menus in the Dining Room reflect the latest signature dishes from the influential chefs who comprise the Culinary Council, along with classic favorites, vegetarian options, and regionally inspired cuisine.

Club HAL®: A dedicated youth facility with activities for kids ages 3 to 17. Activities are supervised and appropriate, designed exclusively for kids to have fun, socialize and hang out with people their own age.

TRAVEL ARRANGEMENTS: To receive these discounted cruise fares you must book your cruise through NWS. We have all of the information regarding the cruise and seminar and can make your cruise reservations.

RESERVATIONS: Reservations will be secured and cabins assigned upon receipt of payment. A deposit of $700 per cabin is final payment as instruct-ed by our travel agent. Due to the number of details needed to complete cruise cabin booking accurately, a cabin will not be booked for you until you follow up with one of our cruise agents via phone or direct email correspondence. Please contact our office at 1-800-222-6907 or 1-509-541-7365 to complete your cruise reservation.

TARGET AUDIENCE: This course is designed for physicians, physician assistants, nurse practitioners, registered nurses, and all other medical care providers who wish to maintain state-of-the-art knowledge of the specialty or are impacted by it.

PROGRAM PURPOSE: The practitioner of emergency medicine must possess evidence-based scientific background for competent clinical practice: managing the technical knowing of the specialty and all additional related disciplines; maintain an up-to-the-minute armamentarium of knowledge and skills for the selection and use of complex equipment, pharmacological agents, and procedures; manage self and colleagues in function toward common goals; adhering constant care in all in patient and emergency situations; keeping informed on advanced and state-of-the-art advances in the fields of emergency medicine, acute medicine, and equitable health care delivery and support of other service providers, departments, institutions, and organizations dependent upon professional expertise. Presentations are designed to facilitate the acquisition of cognitive and technical skills as defined through external-based data translated to best practice standards by the pertinent governmental and professional organizations including the American College of Emergency Physicians, American College of Surgeons and the Emergency Nurses Association and abilities in one or more of the disciplines vital to the practicing professional.

OBJECTIVES: The conclusion of this activity, the participant will be able to:

- Apply the pertinent physical and behavioral sciences as they impact and are affected for the planning, delivery, and monitoring of patient care.
- Explain the selection, dosing considerations with methods of administration; safe use, contraindications and precautions of drugs based on their chemical and pharmacological properties.
- Outline comprehensive patient management plans for the special patient populations.
- Apply the principles of safety and asepsis in the performance of all aspects of patient care regardless of the clinical environment in which the practice resides.
- Incorporate the published tenets of pertinent, recognized external organizations, institutions, and professional groups detailing medical legal, philosophical ethical and health care management standards.

ACREDITATION: This activity has been planned and implemented in conjunction with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of The A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White and Northwest Seminars. The A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White is accredited by the ACCME to provide continuing medical education for physicians.

The A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White Health designates this activity for a maximum of 24 AMA PRA Category 1 Credits™. Physicians should only claim the credit commensurate with the extent of their participation in the activity.

American Board of Anesthesiology: CME credit will be sent directly to The American Board of Anesthesiology (ABA) for maintenance of certification in Anesthesiology Program (MOC-Anesthesiology) and/or the American Board of Otolaryngology (ABA-Otolaryngology) for maintenance of certification in Otolaryngology Pathway in Anesthesiology (MOC-Otolaryngology-Anesthesiology) Program.

Canadian Physicians: This activity is eligible for Section 1 credits in the Royal College Maintenance of Certification (MOC) Program. Participants must log into MAINPORT to claim this activity.

Certified Registered Nurse Anesthetists: This program has been prior approved by the ANCC as an activity for continuing education for the purpose of ANCC accreditation. The AANA is approved by the ANCC as a provider of continuing education for nurses (Provider #57010). The AANA designates this enduring activity for 24.0 continuing education contact hours (CECH), which are applicable for maintenance of certification (MOC) credit from the AANA.”
Friday, July 19 – Sitka, Alaska – Day Open

The main shores of St. Michael’s Cathedral are your first clue that Sitka was once a Russian settlement. Indeed, it was capital of Russian America, seat of the bishop of Kamchatka, and the most important port on the West Coast for the first half of the 19th century. Catch a performance of the New Archangel Dancers, be greeted by native Tlingit people, then stand on the spot where the United States took possession of Alaska in 1867. The dramatic setting in the shadow of Mt. Edgecumbe offers a quintessential look at Great North.

SCHEDULE

Monday, July 15 –
Scenic Cruising Puget Sound and San Juan Islands

0700 Registration – Mandatory Sign In
0815 Breakfast Break
0830 CT Imaging in the New World Order J.Casaletto
