Sunday July 14 – Vancouver, British Columbia, Canada – Embark

Monday, July 15 – Sailing the Inside Passage

Tuesday, July 16 – Icy Strait Point

Icy Strait Point is located near the city of Hoonah, the largest Tlingit Indian settlement in Alaska, and very near Glacier Bay National Park. Home to a historic cemetery, the port’s connection to the sea is strong. Locals share the sea with humpback whales, orcas, Steller sea otters, seals, sea birds, halibut and all five species of Pacific salmon. It is not uncommon to spot a humpback at an on-shore walking along the shores.

Wednesday, July 17 – Hubbard Glacier

Come face to face with a gigantic wall of ice that fills your view and extends for miles in either direction. Hubbard Glacier is a bit on the move, advancing faster than almost any other glacier on the continent. When it begins to disgorge ice, by this point 400 years old, into the cold water at Dead- enchantment Bay, twice a month it is five miles wide and 40 stories high. It calves off 10 million cubic yards of ice daily. Be sure to watch for seals basking on ice floes, listen for the loud, deep rumble and wait for the mighty crack and thunderous crash.

Thursday, July 18 – Juneau, Alaska
