**PAYMENT METHODS:** Payment methods accepted for tuition include Visa, Mastercard, American Express, Discover, check, or money order in U.S. dollars, payable to NWS.

**SCHEDULE AND FACILITY CHANGES:** Payment may be required to cancel registration, as accessible changes in the schedule and facility may be made. If possible, we will inform all registrants of any changes prior to the program. Cancellations on the day of the conference will be announced to all participants.

**COURSE CANCELLATION BY PROVIDER:** The provider reserves the right to cancel a course for any reason. In such case, a minimum of 30 days notice will be given to all registrants. In the case of mandatory conferences, the provider will refund all registrants.

**COURSE CANCELLATION FEE:** If less than 30 days notice is given, no refunds will be refunded. No registration fees will be refunded for any non-refundable hotel, travel, or other liabilities you may incur. We strongly recommend purchase of travel insurance. Check Travel at your own risk!

**ERRONEOUS PRICING NOTICE:** Northeast Seminars, Northwest Anesthesiology Seminars, and Northwest World Wide Travel reserves the right to not honor any published prizes or corporate that I determine were erroneous due to printing, electronic, or clerical errors.

**Hyatt Regency Savannah** located on Bay Street, is a newly renovated urban hotel ideally located near major attractions like Forsyth Park, the Savannah Historic District, and Tyler Island. Located near Riverfront Plaza, this hotel offers unparalleled access to the largest historic district in the country. Stroll through the Historic District to view state-of-the-art buildings, waterfront architecture, and ferry Savannah sightseeing cruises like Farnsworth Park. Board a riverboat, hop on the trolley for a moving tour, and enjoy close proximity to Savannah Hilton Head International Airport. Enjoy travel增强en provisioning includes 24-hour fitness center and in- room complimentary high-speed Internet access. Rooms at Windows are furnished with a comfortable Hyatt Grand Beds®, mini-refrigerator, coffee maker, iron/board, and safe and Kanu™ bath products. Savannah’s architecture and history are internationally known, as is its reputation for Southern charm and hospitality. Each year Savannah attracts millions of visitors, who enjoy visiting the location of Julia’s Estates Golden Field, the Gullah/Geechee Cultural Heritage Park, the Telfair Academy of Arts and Sciences (one of the South's first public museums), the First African Baptist Church (one of the oldest African-American Baptist congregations in the United States), Temple Beth Israel (the third oldest synagogue in America), and the Central of Georgia Railway roundhouse complex (the oldest standing antebellum rail facility in America).

The largest National Historic Landmark District in the United States, Savannah contains more than twenty city squares filled with museums, churches, mansions, and famous formations of the Revolutionary and Civil War era. Enjoy the quaint cobblestone streets, restored plantations, and oak-studded parks strolling with spooky Spanish Moss.

The city's location offers visitors access to the coastal islands and the Savannah Riverfront, both popular travel destinations. Tybee Island, formerly known as "Savannah Beach", is the site of the Tybee Island Light Station, the first lighthouse on the Southern Atlantic coast. Savannah is the perfect destination for all ages—abound with art, culture, concerts, live theater, outdoor cafes, gourmet restaurants, and true Southern hospitality.

**FAP (Frequent Attender Points):** FAP lets you accumulate points based on dollars spent with NWS including net hotel and tuition booked through NWS (but not air). Once you have enough points to cover a full tuition they can be redeemed for tuition (no cash value). A great program to reward you for supporting NWS.

**HOTEL ROOMS:** A portion of the room rate is used to partially offset the cost of refreshments served during the meeting for participants only. If you check out of the hotel before your scheduled departure date or are a complete no show, you may be charged a penalty up to your entire reserved room. Please review your reservation for accuracy. Travel Insurance recommended.

**MEDICAL DIRECTOR:** Mark Murphy, MD, MS. NSW Education: Treasure Island, Florida and Northeastern Seminars, Pasco, Washington. **TARGET AUDIENCE:** This course is designed for physicians, physician assistants, nurse practitioners, registered nurses, and all other medical care providers who must maintain state or national competence in the specialty of the practice, or are impacted by it.

**PROGRAM PURPOSE:** The practitioner of emergency medicine must possess existing skills and knowledge of the latest advances in the field. The practitioner must determine and maintain the art-knowledge of the specialty and all related disciplines, maintain an up-to-date understanding of new knowledge and skill needed in the selection and use of complex equipment, pharmacological agents, and procedures; manage sick and critically ill patients using expert goals on site in providing care in all settings in the hospital emergency medicine department. The practitioner must provide safe and easily available health care delivery and support of other professionals, departments, and agencies. The practitioner’s current level of knowledge and expertise determines the practitioner’s ability to handle patient care with the latest advances in knowledge of knowledge and skill needed in patient care. Practitioners are designed to facilitate the acquisition of cognitive and technical skills as defined through education and training tools available to practitioners by the proper government and professional organizations including the American College of Emergency Physicians, American College of Surgeons, and Emergency Nurses Association (ENA).

**OBJECTIVES:** At the conclusion of this activity, the participant will be able to:

1. Apply the pertinent physical and behavioral sciences as they impact and are affected by the planning, delivery, and monitoring of services offered by the professionals.
2. Explain the decision-making considerations with methods of administration, safe and efficacious use, and management of side effects of drugs based on their chemical and pharmaceu-

cological properties.
3. Outline comprehensive patient management plans for the special population the practitioner will encounter in the field.
4. Evaluate the decision-making considerations with methods of administration, safe and efficacious use, and management of side effects of drugs based on their chemical and pharmaceuti-

cological properties.
